

FINISHING YOUR QUILT

1. Place backing wrong side up. Layer the batting on top, then place your quilt top right side up.
2. Baste and quilt your layers together using your desired method. Then trim the excess batting and backing.
3. Join the binding strips together with a diagonal seam as shown, trim and press. Then fold the binding in half, wrong sides together, and press flat.

4. Sew the binding to your quilt by lining up the raw edges. Then fold it over and machine or hand stitch to finish. You can follow [this link](#) if you need help.
5. You can be proud of yourself! You did a great job! Enjoy your lovely mini quilt!
